

Quality is in our nature

Passenger car engine oils - Fully Synthetic

Eurol Synergy 0W-40

Fully synthetic fuel economy long-life motor oil MB 229.5

Description:

Eurol Synergy 0W-40 is a fully synthetic motor oil for use in passenger cars and light duty commercial vehicles. This oil can be used in cars with turbo charged engines, catalytic converters and direct fuel injection diesel engines.

and can be used for an intensive and prolonged use.

Eurol Synergy 0W-40 provides an extremely rapid and stable lubricant film at the cold start and maintains this film at high operating temperatures

Next to this, this oil offers an extremely high oxidation stability and wear protection. Both engine and oil stay clean, even after prolonged drain intervals (up to 30.000 km).

Eurol Synergy 0W-40 offers extra fuel saving properties and can be mixed with both synthetic and mineral motor oils, although especially for this oil, mixing with other oils will not benefit the outstanding quality of the products.

Eurol Synergy 0W-40 meets the MB 229.5 specification

Specifications

<u>Approved</u>	Ford WSS-M2C937-A
API SN	VW 505.00
<u>Performance level</u>	<u>Recommended for use</u>
ACEA A3/B4	Fiat 9.55535-Z2
VW 502.00	Fiat 9.55535-N2
MB 229.5	Fiat 9.55535-M2
MB 229.3	Fiat 9.55535-H2
BMW Longlife-01	
Porsche A40
