Eurol Power Cleaner Bio 2000

Concentrated detergent, biodegradable

Description

Eurol Power Cleaner Bio 2000 is a strong concentrated detergent with a high cleaning capability for a wide range of applications. It is extremely suitable for cleaning operations on solid surfaces like metal, lacquer and plastic.

Eurol Power Cleaner Bio 2000 is available in a handy and robust spray bottle with an adjustable spraying head. It is very suitable for cleaning motorcycles, engines, motor compartments, race, cross and touring bikes, walls, floors, decks, garden furniture and caravans. Ideal for cleaning difficult to reach parts.

Eurol Power Cleaner Bio 2000 in spray bottle contains undiluted product (eye - and skin contact with the pure product has to be avoided). Allow some soak-up time. After this, rinse with plenty of water. When used for cleaning floors, dry well to avoid slippery surfaces.

Eurol Power Cleaner Bio 2000 is also available in larger packing, making the product suitable for cleaning trucks

and passenger cars, buses, trams, ships, metro-and railway wagons.

Eurol Power Cleaner Bio 2000 can be diluted with both warm and cold water; for very dirty subjects warm water is recommended (e.g. heavy alga deposits).

-Meets the highest environmental standards

-Good biodegradability

-non-flammable liquid

Depending on the pollution, a dilution of 1:400 till 1:10 is recommended. For very strong contaminations, the product can be applied undiluted Store above 0 °C
